BY DHIREN SHAH

On March 13th, a remodeled and improved East Orange General Hospital Patient Accounts Office Suite was opened by East Orange Mayor Lester E. Taylor, East Orange General

Hospital President and CEO Martin Bieber, East Orange Councilman Ted Green, and many others on hand to mark the occasion.

The purpose of this suite is to maintain privacy for the patients by making

The billing team with elected officials and management officials.

this section separate from everything else. It also improves efficiency and effectiveness, as the complete billing and collection department are now in one place.

The office is located at East Orange

Pavillion on the 2nd floor. Their goal is to make the service customer friendly and secure with a comfortable and visually appealing setting. The new cubicle arrangements and partitions will also add to the modern appeal.
