

EMPLOYEE OF THE MONTH

RUSSELL BRITT

**AT EAST ORANGE
GENERAL HOSPITAL**

**SINCE
10/26/1981**

FEBRUARY 2016

The Employee of the Month for February is Russell Britt of the Diagnostic Services Department. Russell has been with East Orange General Hospital since 1981.

Russell has dual certification as an x-ray and ultrasound technician. Highly trained and experienced in his field, he takes every opportunity to assist his colleagues as well as share his knowledge with the students who conduct clinical rotations at East Orange General Hospital. Russell takes great pride in his work, has a great rapport with the employees and physicians in the hospital, and is consistently professional and courteous.

Russell is recognized for his welcoming greeting and approach with his patients and everyone he comes in contact with at EOGH. He calms patients, especially those who may be uneasy about the test that will be performed. Russell, in his caring manner, reassures patients and educates them before and throughout the testing process. He treats all of his patients with kindness and compassion and leaves a memorable first impression. Russell is acknowledged for his unwaveringly positive attitude and for always making patient care his number one priority.

Russell is a team player who goes above and beyond his duties to ensure that all needs of the department are met. While Russell has a schedule based on the needs of the department, he uses his dual certification as an advantage and takes the initiative to willingly provide support without being asked. His display of teamwork and camaraderie is admired by his colleagues and allows the department to operate efficiently. Although proud of his accomplishments, Russell believes that success comes from working successfully with others and he credits the entire team for making him the professional he is today.

Congratulations Russell on a job well done and keep up the good work!
